 SUMMARY: 04/19/95, Kerr McGee parking lot, saw 2 white males walking from YMCA with no bags. Men stood near car like yellow Mercury of TMcVeigh. He described 2 men; fit TMcVeigh JD2. He saw 2 men after explosion and brown Chevrolet pickup truck leaving parking lot.

ATTORNEY ANALYSIS: @ HHM. Witness describes car as an older model light-colored yellow Ford product, similar to Mercury, that was possibly early 1980 model with a sloping trunk, long emblem on the trunk and a chrome rear bumper. Vehicle was possibly a 4-door and was dirty looking. He saw a license plate, but state unknown. Taller man near driver's side and shorter rear passenger, both doors were open. Witness made eye contact with them and determined they were both looking and him. Male by driver's door described as 6'-6'2", 180-210 lbs, medium muscular build (athletic), light colored short hair, possibly light brown, clean shaven, medium complexion, clean cut, late 20's-early 30's wearing white shirt, maybe t-shirt, tucked in neatly wearing dark pants. Witness stated closely resembled TMcVeigh from photos on TV. Describes passenger man in detail and it fits JD2. Witness saw 2 males with back to him in same area at 9:04-9:05 am acting calm and looking north and west. Also brown pickup in alley. Statement not taken until 10/24/95.
