MRS. COOPER did recall one incident on either April 13 or 14, 1995. She and her mother, WANDA MC NEELY, were parking in the underground parking section of the Murrah Building in the afternoon to pick up ANTONIO JR. MRS. COOPER noticed two white males in the parking lot. She advised the two individuals appeared to be "on look out". As she and her mother walked by, the two individuals would not make eye contact with MRS. COOPER or her mother. She recalled one of the individuals had shaggy hair and possibly some facial hair. She believed one of the men had dark hair and the other had light hair, but could not provide any additional description, other than the individuals appeared out of place. She had not seen them before and did not see them after the above day.

MRS. COOPER also advised that she had been unaware the Bureau of Alcohol, Tobacco and Firearms, (ATF), had an office at the Murrah Building until April 18, 1995. On that day after she dropped ANTONIO JR. off at the day care facility, she was driving past the Federal Courthouse Building on the Harvey Street side. As she passed Fourth Street she observed two men standing on the sidewalk in front of the courthouse building, wearing dark jackets with the letters ATF in bold letters on the back.

Later the same day when she was walking to the Murrah Building to spend her lunch hour with ANTONIO JR., she observed at least two men wearing ATF jackets standing in the plaza area on the south side of the Murrah Building. MRS. COOPER stated that prior to that time, she and her husband ANTONIO, were not aware the ATF occupied office space in the Murrah Building.
