SHAWN ANTHONY KENNY voluntarily appeared at the Columbus Resident Agency, Federal Bureau of Investigation (FBI), 120 - 12 Street, Columbus, Georgia and was advised of the identities of the interviewing Agents, and the purpose for the interview. KENNY was provided the opportunity to review a video cassette tape recording of the August 3, 1994 armed robbery of the Nebraska State Bank located in Omaha, Nebraska. The bank surveillance tape recording depicted two previously unidentified subjects in the act of committing the armed robbery.

After review of the video tape, KENNY positively identified PETER KEVIN LANGAN and RICHARD LEE GUTHRIE, former close associates of his, as the two subjects involved in the armed robbery of the Nebraska State Bank on August 3, 1994. KENNY'S positive identification of LANGAN and GUTHRIE was based in part upon the hard hats both were wearing at the time of the armed robbery, and the fact that he (KENNY) has observed both to be in possession of similar hats in the past. Specifically, KENNY positively identified LANGAN as the subject wearing the dark colored shirt, who was initially behind, and later vaulted the teller counter. KENNY positively identified GUTHRIE as the subject wearing the light colored short sleeve shirt, under what appeared to be a bullet proof vest.

Upon conclusion of the review, KENNY placed his signature and date on the video cassette tape, indicating the positive identification of LANGAN and GUTHRIE. SA CLASS and SA WOODS verified KENNY'S signature and placed their respective initials and date on the video cassette tape.

Upon conclusion, SA CLASS placed the MAXELL brand, T-120, VHS style video cassette tape into evidence for later transfer to the Omaha Division, Federal Bureau of Investigation.
