P.S. As we talk of gun control. Let's think over the years I work on the groups on how many cases of sporterized SKS, AK47,s and SKS,s were sold to groups and case after case of ammo for them all with the blessings of the fbi & atf with no paper work. Also let,s not forget the AR15,s they were made full auto from the Lone Wolf Gun store back in the 90's by a guy brought in by the FBI for me to put in place. Those guns went to bikers who were sell drugs on the border. Those drugs were be-leave to be coming in from China. Just wanted you all to think on this as we try to pass new laws and take guns from folks. HAPPY NEW YEAR
