1 (Thereupon, a song was played.)

2 COMMANDER PEDRO: Guard, front and  
3 center. Light, please. Dismissed.

4 GUARD: See my (inaudible).

5 COMMANDER PEDRO: Return to your posts.

6 GUARD: See my (inaudible).

7 COMMANDER PEDRO: Greetings. I'm  
8 Commander Pedro. I'm here to talk about the Armed  
9 Struggle Underground.

10 I'll cover several topics tonight, and we  
11 wish to bring you a taste of the Armed Struggle  
12 Underground, so we want you to know what we intend to  
13 do. Today, we are preparing to take over the U.S.A.;  
14 tomorrow, the world.

15 Okay. Now, come, sit. I, Commander  
16 Pedro, I belong to the Aryan Republican Army, and  
17 today's topics will include our basic goals, methods  
18 for self-structured high command independent action  
19 dealing with informers and a declaration by the high  
20 command.

21 Now, our basic goals are to set up an  
22 Aryan Republic formed in the North American continent.  
23 And to do this, we're gonna have to work hard and long.

24 Now, part of the hard work is to set up a  
25 cell structure which is basically your high command,

CONFIDENTIAL TRANSCRIPT

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 which I am a member of, and subordinate cell groups  
2 that follow our directors.

3 Now, we already have in place cell groups  
4 all over the North American continent. We have more  
5 people wanting to be in cell groups than we can  
6 financially support at this time. There's actually a  
7 waiting list.

8 So, you people on the waiting list, it  
9 doesn't mean you can just sit around on your hands or  
10 kick your legs up in the air or cry that it's  
11 unconstitutional what's being done to us. You can  
12 pursue independent action.

13 Just don't interfere with our operations  
14 or claim credit for ARA for actions. Let your actions  
15 be your actions. Now, because we have a specific  
16 program, and we only claim credit when it's necessary.  
17 Just be careful out there and think about what you're  
18 gonna do.

19 Now, we will deal with informers, and we  
20 will deal with them ruthlessly, permanently and  
21 effectively. I've covered this in our audio tape  
22 series, and I feel compelled to cover it in the new  
23 video format. Informers will be dealt with ruthlessly,  
24 permanently.

25 Now, being an informer takes many forms,

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 but if you're an informer, you know it. So let us not  
2 mince words here. For actively working with giving a  
3 proper (inaudible) means you will be terminated.

4 If you would just like to run at the  
5 mouth and brag, that includes saying you're a member of  
6 ARA when you're not, you'll be kneecapped either by  
7 this handy little device or if bullets are short, by  
8 this device. Either one, I guarantee you, is very  
9 painful. This is a serious struggle and serious  
10 disciplinary measures are required.

11 Now, ARA being the legitimate military  
12 arm of the provisional government of the Aryan Republic  
13 will also take care of certain law enforcement matters.

14 Oh, wife beaters, rapists, child  
15 molesters and other criminal miscreants that operate  
16 within our area of jurisdiction will also be dealt with  
17 by ARA, so don't think that there's going to be anarchy  
18 out there.

19 Now, ARA has declared Marshall Law over  
20 the entire continent of North America which means that  
21 we can try and convict by Aryan Republican Army  
22 tribunal war criminals.

23 And these war criminals, in many cases,  
24 have already been sentenced to death or banishment, but  
25 unfortunately, as you all know, they still operate a

1 vast structure across this land.

2 Now, we have a sanctuary program where  
3 certain key cities, Miami, Jacksonville, Virginia  
4 Beach, Washington D.C., Baltimore, New York, Cleveland,  
5 Chicago, St. Louis, Denver, Salt Lake, Seattle, Los  
6 Angeles, Albuquerque, Houston and Atlanta are temporary  
7 havens for the agents of the Zionist Occupation  
8 Government and the New World Order, to go on and get  
9 their affairs together, to be prepared to depart this  
10 country within six months. Now we start talking about  
11 from January 1st -- (Blank Tape). Are we -- (Blank  
12 Tape).

13 Otherwise, the forceful deportation and  
14 extermination program, also known as ethnic cleansing,  
15 shall be implemented. In solidarity with our Serbian  
16 brothers, we understand the meaning of ethnic  
17 cleansing. Adults, it's not a dirty word. So it is  
18 sufficient to say to all you federal whores, you've  
19 been warned. Linger on this continent at your own  
20 peril.

21 Now, we have many reports coming in of  
22 activity by our adversary, and we are fully aware of  
23 it. We're aware of all their little task forces,  
24 studies groups, and we keep ourselves very well abreast  
25 of their actions.

1                   Something that you might find handy is  
2 one of these little babies: A little under channel  
3 scanner made by several different companies. They just  
4 don't seem to like you to have these. Oh, you have  
5 directories of all the government frequencies.

6                   And the well-equipped revolutionary needs  
7 one of these more than an American Express. The radio  
8 scanners, don't leave home without them.

9                   Now, we here at ARA know that you, the  
10 people, must have many questions about our group, and  
11 we're gonna endeavor here with these tapes to give you  
12 an idea of the broad spectrum of what ARA is and does.  
13 But understand this, due to security concerns, a lot of  
14 this is gonna be kept on a need-to-know basis.

15                   Now, I want you all to understand that  
16 there is a feeling within the land, a lot of people  
17 know something is rotten here in America. They just  
18 don't know what it is. So we feel it incumbent upon  
19 ourselves to let the people know what is going on in  
20 America today.

21                   Now, because of our situation, we have  
22 had to go underground. Some of you out there tomorrow  
23 may find yourselves underground. Some of you that  
24 belong to the militia movement and the patriot  
25 movements, I salute you, but I also must caution you

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 you're playing with fire.

2 Don't be too surprised when they come and  
3 kick the door down. It's your farewell for coming  
4 struggle. We have paid us many dividends.

5 Now, your Commander -- and I use the term  
6 Commander just because I must direct people in the  
7 field, and I am, in turn, directed by orders from the  
8 high command -- the high command takes its orders from  
9 here, the Holy Bible, some of the inspired teachings of  
10 our Creator.

11 The rules for civil government, the laws  
12 of warfare and just about everything under the sun is  
13 contained in here. This is what we base our struggles  
14 on.

15 Now, we know that we are just wretched  
16 men, filthy rags in the sight of our Creator, so we're  
17 not gonna make a pretense as to be infallible, and  
18 we're certainly not like elate and sometimes unmomented  
19 and obviously demented, Mr. Koresh.

20 Don't mistake us for cultists or fanatics  
21 or chanters. We, ladies and gentlemen, are your  
22 neighbors. We are the guy down the street. We're the  
23 guy that works on your car. We're the accountant, the  
24 deputy sheriff, the Internal Revenue guy.

25 We even have people in some of the higher

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 echelons of the occupational government. By day, they  
2 work for Himy. By night, they work for ARA.

3 And we intend to see this struggle  
4 through to the end. It's going to be a long, hard  
5 struggle, but some of the history of ARA and the  
6 representatives that started ARA leads us to conclude  
7 that we were chosen to do this by our Creator.

8 We call ourselves Aryan Republican Army  
9 because in some of our tactics and some of our goals,  
10 we have modeled this organization after the successful  
11 and yet undefeated Irish Republican Army.

12 The Irish, another tribe of the Aryan  
13 people, the Celtic people, have fought off the  
14 Jewish-inspired oppression of their Ireland by the  
15 elite of the English.

16 We have no quarrel with our Protestant  
17 brothers and agree that many of our people are  
18 Protestant. And I'll tell you, we're not that fond of  
19 his quote, Holiness (inaudible). There will be no  
20 men-God in this Aryan Republic.

21 But we are looking over this  
22 churchianity, these false religions, and no one comes  
23 between us and our Creator. So all of these little  
24 designations and dogmas have been cast aside.

25 And we shall not be deceived by lying

CONFIDENTIAL TRANSCRIPT

1 creatures, paid storytellers, Judea-Christian garbage.  
2 Judea-Christian is a term that is an oxymoron. The  
3 Psorian or Oscan Nazi Jew, and I use that term loosely,  
4 has conspired for a thousand years to obtain dominance  
5 over people.

6 I would recommend that you study the Book  
7 of Revelations where twice it is asserted in there do  
8 not believe the blasphemous lies of those that assert  
9 themselves to be Israelites but are not, but are above  
10 the synagogue of satan.

11 Study this. Study your scriptures  
12 regularly, and you will see who you are. You'll know  
13 your identity as Israelites and the chosen by our  
14 Creator.

15 We're not gonna get in here and preach to  
16 you about our Creator. We have another job to do. We  
17 are going to be zealous for our Creator, bifidious  
18 (phonetic) because there's a plague upon this land, and  
19 only by cleansing it can you get the plague off of  
20 yourself and your people. So be zealous for your God  
21 and take this plague from off of the land.

22 Now, we're gonna take a brief  
23 intermission here, and we'll be back with you all  
24 momentarily after a word from our sponsors.

COLUMBUS, OHIO (614) 431-1344

1                   COMMANDER PEDRO:       The Aryan Republican  
2 Army Presents is brought to you by Blammo Ammo Company.  
3 Blammo Ammo supports the armed struggle of the Aryan  
4 Republican Army.

5                   And in one of our latest tests against  
6 the federal invasion, Blammo Ammo performed admirably.  
7 Blammo Ammo created massive casualties on the federal  
8 side and helped reduce the number of casualties on the  
9 civilian side.

10                  We at Blammo Ammo produce some of the  
11 finest ammo available to the civilian market and to  
12 you, the revolutionaries, because when the feds come  
13 for a picnic, you want to give'em a spicy lead  
14 meatball.

15                  Now, notice how Blammo Ammo performed  
16 admirably in protecting these children from the vicious  
17 assault of these -- these dreaded federal hounds.  
18 Blammo Ammo performed without failure in any instance.

19                  Notice how Blammo Ammo protects these  
20 children here being targeted by federal agents. The  
21 feds shot through all these areas. Now, observe how  
22 the revolutionaries counter attack with their Blammo  
23 Ammo to the vandals that the feds are.

24                  Now, Blammo Ammo is designed to go  
25 through body armor. It's also designed to be effective

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 after going through walls and in chemical warfare  
2 situations. Blammo Ammo will take out your enemy  
3 whether you're firing through walls, ceilings or at  
4 people with body armor.

5 Blammo Ammo will buy you the edge that  
6 you need when confronting these vicious hooligans.  
7 Blammo Ammo will go the distance. Here's Blammo Ammo  
8 at work. Even the most tenacious, vicious runts with  
9 enough rounds will be taken out with Blammo Ammo,  
10 through ceilings.

11 Yes, Blammo Ammo, the choice of a  
12 professional revolutionary. Keep in mind, ladies and  
13 gentlemen, that you have a long struggle ahead and  
14 Blammo Ammo even works well after years in storage.  
15 And now, back to our show.

16 \*\*\*\*\*

17 COMMANDER PEDRO: I just built a  
18 (inaudible) note there. I hope you enjoyed our  
19 sponsor, Blammo-Ammo. Be sure to patronize these  
20 people. They make a good quality product.

21 Now I'm here to tell you about our  
22 massacre prevention program which will also help  
23 prevent assassinations and assaults on family members  
24 of the Aryan Republican Army.

25 Now, this part of the tape is mainly

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 meant as a warning to the Zionist Oppression  
2 government, the New World order and their Iraqis. Any  
3 assassinations, massacres or incinerations of our  
4 people will be met with massive retaliation.

5 Now, you have your nuclear, biological  
6 and chemical warfare programs, and ARA has one, too.  
7 We have many technicians. We have the technology and  
8 the materials necessary to make weapons of mass  
9 destruction.

10 And those of you that know these things  
11 know how simple they are to make. It has two component  
12 compounds that when introduced to each other will react  
13 violently.

14 There are numerous radio isotopes that  
15 may not be as potentially dangerous as plutonium, but  
16 when spread about by a violent detonation could render  
17 an area unusable for 200 years.

18 And I also want you to think about the  
19 fact of all the missing plutonium just in this country,  
20 not -- not to mention the stuff that's being imported  
21 daily from the Eastern Bloc.

22 Now, the things we're going out to try  
23 and tell you people is we know where you work, we know  
24 where you live. You're not that hard to find.

25 So if you step out of bounds of civilized

CONFIDENTIAL TRANSCRIPT

MC GINNIS & ASSOCIATES, INC.

1 warfare and force our hand, if you assassinate our  
2 people, if you torture or harass our family, if you  
3 don't treat all soldiers as soldiers, you will force us  
4 to unleash the Aryan nuclear chemical biological  
5 warfare program.

6 We would rather not pollute this land,  
7 but we will not stand idly by with our massacres  
8 occurring. So bear this in mind, federal whores, that  
9 we shall not be mocked, we shall not be abused. It's  
10 us and you.

11 And I tell you, I don't enjoy this  
12 conflict, but just get out-of-line, and you'll know  
13 what horror and moral terror is.

14 Now, I just have to make these warnings.  
15 They're not threats. They are promises. We have these  
16 capabilities now. It might due for you to find  
17 somebody else to chase or something else to do besides  
18 oppress your people, but understand that a line has  
19 been drawn that shall not be crossed without paying a  
20 heavy price.

21 Now, you people are gonna leave this  
22 country, and this land is going to become an Aryan  
23 Republic. So in your little struggles, don't cross  
24 that line.

25 Now, these conditions have been laid out

CONFIDENTIAL TRANSCRIPT

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 to you. You have been warned. Don't make us unleash  
2 these things. Stick to the rules of civilized warfare,  
3 and the worse that'll happen is you'll die. Cross that  
4 line at very great risk.

5 Now, I'll only address the issue of  
6 innocent people being caught in the crossfire between  
7 these conflicts, the forces of oppression and the  
8 forces of liberation.

9 Now, the Commander didn't invent these  
10 things. These things are in the arsenals of our  
11 enemies. And they're showing a great willingness to  
12 use them. So these are a deterrent. We will not be  
13 the first to use them unless we are forced to.

14 But understand this: We have the will to  
15 use them and will do so when necessary. We have  
16 endeavored to keep collateral damage and civilian  
17 casualties to a minimum in all our operations. But so  
18 far, we have been successful, but as in all war, some  
19 innocent shall suffer. So be it.

20 Now, ladies and gentlemen, I want you to  
21 understand this: We will do whatever's necessary to  
22 achieve the ultimate goal to liberate this land once  
23 again.

24 And it saddens me that this work has to  
25 be done. I'd much rather be doing something else, but

CONFIDENTIAL TRANSCRIPT

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 until the conclusion of our activities, there's going  
2 to be a long struggle.

3 Now, I'm gonna take some of this stuff  
4 back to the lab, so why don't you all just take a short  
5 break long enough and maybe hear from another one of  
6 our sponsors. Thank you.

7 \*\*\*\*\*

8 NARRATOR: Greetings, ladies and  
9 gentlemen. A word from one of our sponsors, Second  
10 Chance Body Armor.

11 Now, one day several budding young  
12 revolutionaries named Platt and Maddox got into a  
13 little shooting scrape with the federal authorities,  
14 and our young boys, Platt and Maddox, they had all  
15 their right equipment that day except for one key item:  
16 Body armor.

17 We at Second Chance know that body armor  
18 is important. Revolutionaries are even more important.  
19 We can't afford to lose revolutionaries. And Second  
20 Chance Body Armor is the official armor of the Aryan  
21 Republican Army.

22 We refuse to even sell body armor to the  
23 vicious federal dogs. Yes, Second Chance Body Armor  
24 would have made a horrific difference that day it went  
25 down in the annals of the FBI as their most bloody day.

CONFIDENTIAL TRANSCRIPT

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1                   If the horror boys, Platt and Maddox, had  
2                   been wearing Second Chance Body Armor or even body  
3                   armor, for that matter, the results would have been  
4                   even much worse for the slimy federal whores that  
5                   attacked them that day.

6                   Notice young Mr. Platt took several  
7                   failed hits and kept on functioning. Now, if he had  
8                   been wearing Second Chance Body Armor, he would have  
9                   been even more effective.

10                  Also notice that Mr. Platt had a Ruger  
11                  Mini 14, the choice of the well-healed paramilitary  
12                  revolutionary. Mini 14 designed by Bill Ruger is one  
13                  of the most effective paramilitary-type weapons  
14                  available on the market today.

15                  Now, if both of those men had body armor  
16                  and Mini 14s, they could have walked away from that  
17                  incident and held their head high and lived to have  
18                  sired many Aryan children.

19                  Even as the federal agents crawled along  
20                  the ground, they could have dispatched them and sent  
21                  them on to their reward in hell with hot lead biscuits.

22                  Notice how the federal agents dance,  
23                  dance along the streets and did a little dance of  
24                  death. Unfortunately, they didn't have body armor. It  
25                  was up to the job.

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1                   Now, notice as Mr. Platt takes another  
2 fatal hit and notice the puny body armor of the feds  
3 and how ineffective it is. Watch as he does the dance  
4 of death because he had our competitor's body armor on.

5                   Yes, ladies and gentlemen, you too can  
6 make the feds crawl. But don't forget Second Chance  
7 and don't forget the Mini 14 because, used together, it  
8 greatly enhances the capabilities of the Aryan warrior.

9                   We are too valuable to waste in these  
10 confrontations which will occur more frequently as the  
11 struggle intensifies and as the forces of oppression  
12 try ever more desperately to maintain their tenuous  
13 grip upon the rising awareness of the Aryan populous.

14                   Yes, the people see, they see who the  
15 real enemy is. Let them see only dead bodies of  
16 federal whores. The heroics of Platt and Maddox that  
17 day are legendary, but don't we have enough martyrs?

18                   Make the feds crawl. Don't you crawl.  
19 Make them panic. Watch them die. Don't watch your own  
20 brothers die. Make sure that you have good equipment  
21 so that you can live to see the struggle over with.  
22 Look at them. Look at them crawl. That's where they  
23 belong, on the ground, closer to hell, yes.

24                   In conclusion, the smart revolutionary  
25 will have body armor and the smarter revolutionary will

1 have Second Chance Body Armor. So goodbye, ladies and  
2 gentlemen, and we hope you sponsor our product.

3 \*\*\*\*\*

4 COMMANDER PAVEL: Guards (inaudible).  
5 The lights. Thank you.

6 GUARD: Is the (inaudible)  
7 happy?

8 COMMANDER PAVEL: Yes. You may return  
9 to your posts.

10 GUARD: Si.

11 COMMANDER PAVEL: Now, ladies and  
12 gentlemen, my name is Commander Pavel, and I'm with the  
13 Aryan Republican Army.

14 Now, before I go any further, I think  
15 it's only appropriate to talk about myself and, well,  
16 I'm the other hefty that you seldom hear about.

17 Commander Pedro and Commander Pavel are  
18 likened to day and night. I guess to make it more  
19 simple to understand, it's like comparing the two of us  
20 to Dr. Doolittle and Dr. Dudinsky.

21 They say in America, Dr. Dudinsky --  
22 Dr. Doolittle talks to the animals, but in Russia,  
23 Dr. Dudinsky makes the animals talk. And that's how  
24 Commander Pedro and I differ. Commander Pedro talks to  
25 the people, and Commander Pavel makes the people talk.

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 I just thought I would tell you a little bit about  
2 Commander Pavel.

3 Now getting down to business, many of us  
4 at ARA have many duties to fulfill. One of my duties  
5 is running the long distance committee. Now, many of  
6 you are probably wondering what in the world is the  
7 long distance committee.

8 Well, don't fall out of your seats yet.  
9 The long distance committee is a committee that conveys  
10 greetings by means of a long distance message.

11 How do we convey the long distance  
12 message? Well, it's with one of these pretty ladies  
13 here. This is what you call the HK 91 or by name, a  
14 Heckler Koch 91. It shoots a 762 by 51, a (inaudible)  
15 round.

16 It's compact, very versatile and  
17 effective at long range. Believe me, when I tell you  
18 it's effective at long range, I've seen it work. It's  
19 got a nice scope on it and 30 rounds as long as you can  
20 meet -- hit each targets. You've got 30 targets.

21 So my advice is that every partisan  
22 group, I don't care what you call yourself, get  
23 yourself an HK 91. Best on the market. Don't leave  
24 home without it.

25 Oh, by the way, I lost one of these

MC GINNIS & ASSOCIATES, INC.

1 things in Martinsburg, West Virginia. And I just  
2 thought they'd like to see that I picked me up another  
3 one very cheap, a little bit under \$3,000.

4 And I just thought I'd let Detective  
5 Randy Shackelord know that I found another one and  
6 that I hope he takes care of the HK 91 that he has in  
7 his possession in Martinsburg. I'm pretty sure he  
8 does. You'll need it.

9 Well, getting back to business now, the  
10 long distance committee is a tough job, but somebody  
11 has to do it. And for those of you who are interested  
12 in applying for the long distance committee, you should  
13 take note because we're looking for a few good men.

14 As for those who are seeking employment  
15 with ARA, understand what you're getting yourself into.  
16 As Commander Pedro said, read the scriptures. Read  
17 them and understand them because the scriptures are  
18 pretty much -- pretty easy to understand as long as you  
19 have a sixth grade education, and I'm sure most people  
20 in America have that as long as they've been through  
21 college for four years.

22 But understand the scriptures. Most of  
23 all, understand who you are, where you come from and  
24 why you're here. Then you'll know why you have to go  
25 out and kill the bastards. That's all you have to do.

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1                   No, most importantly, understand the laws  
2 of Moses, another good book that you should read. Just  
3 don't read the Bible. That's not an insult to the  
4 Bible. You know there are other books to read, too.  
5 Because as the days get longer and time goes on, you're  
6 going to have to have knowledge in other areas.

7                   This is another favorite book of mine,  
8 and this is called The Blasters' Handbook, and it's a  
9 DuPont book. They've got some pretty neat things in  
10 here. Demolition experts use it to, you know, blow up  
11 bridges, buildings, possibly federal courthouses that  
12 have to be demolished, post offices, old police  
13 stations, you name it. It's a very good book.

14                   You'll get more out of this book than you  
15 will the next book and books that I'm coming to.  
16 They're somewhat redundant, but these are called the  
17 Black Books. And they used to have Black Book 1  
18 through 3 and the Black Book Companion. Also another  
19 book is (inaudible) C4.

20                   It's not that tough to get, but my advice  
21 is just go to some of the shows in your town or the  
22 supply stores, I'm sure they have them. I picked this  
23 up at Desert Publications, and that's a good place to  
24 buy books at. The Black Books.

25                   Another good book to read is -- One of my

1 favorites is the VC, not Victor Charlie, but Vigilantes  
2 of Christendom. And it basically tells you about the  
3 vennisus priesthood. I don't know, everybody says that  
4 anybody who's tried to overthrow the government is a  
5 vennisus priest. I don't know.

6 But it tells you about when the white man  
7 gets fed up and he just goes to work, puts the mop and  
8 bucket down, picks up the briefcase and goes to work.  
9 Very important chapter. Understand it because the  
10 land is ripe for plunder.

11 And you can leave home with nothing, and  
12 in a matter of time, if you really believe in what you  
13 say you believe, it's all out here. Remember, the land  
14 is ripe for plunder.

15 Yes, we've got so much out there.  
16 Grenades, we've got 'em all over the place. A good book  
17 of mine is another favorite of mine, I read it a while  
18 back, it's an FBI book. It's written by Ronnie  
19 Kessler, just another filthy kike trying to make a buck  
20 out of a stupid (inaudible) hole, but it talks about  
21 their plunders and their ineptness, but it's a good  
22 book.

23 My advice is if you want to really  
24 understand the enemy, read it. It's the FBI book, and  
25 you can get it at any bookstore, Barnes and Nobles,

1 Borders, \$24.

2 Well, I'm just about getting to the end  
3 of my rope on what I'm gonna be saying. These masks  
4 get pretty hot to wear. And you know how it is,  
5 security is of the utmost importance.

6 But I would like to say one thing, to the  
7 high command, they basically would prefer to expedite  
8 this or at a rapid pace; however, my position is this:  
9 Let's all just take our time.

10 You know, I'm in my mid 30s, and I'd say  
11 maybe 15 or 20 years down the road from now, we're  
12 gonna have a beautiful war going, and hell, you know, I  
13 don't start work 'til about 3:00. That's coffee time.  
14 Put a little jam on my bagels.

15 But remember, think of all the time in  
16 the day. Himy has all the time in the day. He's got  
17 time and money. How'd you'd like to get some more  
18 coffee today. Boy, I tell you, there's so much to  
19 plunder. The land is ripe, remember that.

20 When you leave home with nothing and  
21 within a year, you can just find yourself laying in a  
22 bathtub of Jewish toilet paper, federal reserve notes,  
23 whatever they call them. But I guess it's time to go  
24 to work.

25 My goodness gracious, I think it's

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 almost -- Yeah, it's almost 3:00 o'clock. Well, I'm  
2 pushing a couple of frequencies here. Gotta listen to  
3 the local PD. You know how our friends are, they  
4 always want to keep us informed.

5 Yes, well, like I said, it's time to go  
6 to work. Yep, well, I guess until next time, Des  
7 Pidonda. Time to go to work.

9 NARRATOR 1: Tow, the personal  
10 mobile heavy (inaudible) (inaudible) armor infantry  
11 weapon system designed, developed and built by Hughes  
12 Aircraft for the United States Army and Marine Corps.

13 NARRATOR 2: And the Aryan  
14 Republican Army. Yes, Hughes Aircraft, another proud  
15 sponsor of ARA. ARA has recently come into possession  
16 of a large quantity of Tow missiles, and we have  
17 personnel trained in their effective use.

18 If you plan on using Tow on motorcades,  
19 security force barracks, financial institutions and  
20 targets of great importance, they're not to be used  
21 recklessly. Impressive, isn't it?

22 Tow adds greatly to the versatility and  
23 fire power of ARA. And we wish to take this moment to  
24 salute the daring acquisition of this by a group of  
25 stellars, patriots within the infrastructure of Himys.

MC GINNIS & ASSOCIATES, INC.

1                   Now, with our Tow missiles, we have the  
2 fire power and capability of taking on some of the most  
3 sophisticated systems security forces control against  
4 us.

5                   Tows, in conjunction with Stingers, which  
6 we hope to acquire very soon, will all allow us to  
7 strike at all these systems, and I mean potential  
8 (inaudible) against us. Our electronics unit is not  
9 affected by the defect in the Pentium chip. We have  
10 the latest versions.

11                   Yes, ARA, 24 hours a day ready to save  
12 the Aryan Republic. Watch it. Watch it go. Do you  
13 know who has the Tow? Tow, Tow, what a way to go.  
14 Tow, proud to work for the Aryan Republican Army.

16                   (Thereupon, a song was played.)

17                   COMMANDER PEDRO: Squad, report.  
18 Pavel, these are your mission parameters. You must  
19 execute this mission with your usual precision.

20                   COMMANDER PAVEL: (Inaudible.)

21                   COMMANDER PEDRO: Dismissed. Vayas con  
22 dios.

23                   Such wonderful boys we have here.

24                   Un momento.

25                   (Thereupon, a song was played.)

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1                   COMMANDER PEDRO:     Oh, yes.

2                   (Inaudible). Yes, ladies and gentlemen, excuse me, the  
3 revolution is a never ending struggle. Now, I want you  
4 to understand that there are certain things that must  
5 be done to carry out successful operations.

6                   One of the key things to carrying out  
7 successful operations is having the financial  
8 wherewithal to set up an operation properly. You must  
9 have a nest egg.

10                  When you're first starting out, it's okay  
11 to say, "Hey diddle diddle, right up the middle" and  
12 do a cowboy operation, but once you have your nest egg,  
13 prepare it. Better you nest with feathers fluffed from  
14 Himy because Himy has many feathers that he has plucked  
15 from us. So research intelligence in planning. These  
16 are keys to successful operations.

17                  Now, ARA has conducted many successful  
18 operations today. We haven't even come close to being  
19 spotted by their security forces. ARA does these  
20 things for you. And these missions in and of  
21 themselves may not seem significant to you, but that is  
22 not your concern. We will determine what is  
23 significant.

24                  Just let it be understood that all  
25 operations are successful with minimum loss of life, no

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 unnecessary casualties, and they are successful.

2 If you wish to go on some kind of suicide  
3 mission, you have no need to sign up for ARA. ARA only  
4 wants winners that want to win and live to go forth and  
5 multiply.

6 You must understand that these operations  
7 will be carried out continually. The revolution  
8 doesn't stop ever. That's why these operations must be  
9 carried out.

10 Do you think it's easy to finance all of  
11 these cell groups? We've even had people that just  
12 come in and they would say, "Oh, Commander Pedro, I  
13 want to start up a cell group. Here, here's -- here's  
14 what I need."

15 Well, what these people need is a good  
16 swift kick in the rear end. We don't just finance  
17 every budding revolutionary that comes along.

18 Do you have the tools of a revolutionary?  
19 Do you know where the counting house is, where Himy  
20 keeps his filthy -- This stuff is filthy. It's dirty.  
21 It's been touched. It's got traces of narcotics all  
22 over it. We don't want to handle this stuff.

23 Why don't you go out and get what you  
24 need to finance yourself with. Must we always hold  
25 your hand and carry you down the path? Damn it. You

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 know where Himy keeps his money.

2 If you don't have the tools, this is  
3 useless unless you have the will to use it. Let us  
4 grow 72 cahones, heh. Where's your marquis ball? Go  
5 take what you need from Himy. He took it from your  
6 father and your father's father. Why don't you be a  
7 man. Go take it back from him.

8 You anger the Commander sometimes with  
9 your needless sniveling and whining. Commander, it's  
10 okay, it's all right. I understand, and I feel your  
11 pain, but I must be frank with you. I will only do for  
12 you what I do myself, but I cannot finance all of you.

13 I can give you moral support, I can show  
14 you the way, I can teach you, but I can't go out and  
15 make revolution acts for you. Am I not a man? Am I  
16 not made of flesh and blood. If you stab, won't I  
17 bleed? I have to sleep, too, you know.

18 You go out and work for the revolution  
19 because if you don't work for the revolution, you have  
20 no right to snivel and cry because you're being  
21 oppressed. This nation wasn't founded by snivelers and  
22 criers. This nation was founded by doers, takers.

23 The Jew World Order, the power elite,  
24 they manipulate the unwashed masses, cause fear and  
25 trembling among you. Now, some of our greatest

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 problems are our own people, but I understand why you  
2 are the way you are. You've been taught passivity.

3 I want to speak again to our racial  
4 brothers that seem to be oppressing us in the security  
5 forces. I want to talk to you about our come home  
6 program. Yes.

7 As much as you oppress us and hurt us,  
8 being that we are true Christians, Christian identity,  
9 we have a program that allows you to come home, come  
10 home. Come see the Commander. All you have to do to  
11 come home is quit oppressing your people. Desert Himy.

12 Come home and see the Commander and bring  
13 your intelligence documents, bring your weapons, bring  
14 Himy's filthy money, but come home soon. The sooner  
15 you come home, the better it is for your people.

16 The less you have to do to come home,  
17 because if you wait 'til the end of the struggle, more  
18 is going to be expected of you.

19 Now, I have a moment or two to talk to  
20 the families. I would like to speak to the families of  
21 people that are in the active service units, high  
22 command and the deep underground cells.

23 Now, those of you that perceive this know  
24 how much we miss you, and you know that we love you.  
25 And what we do, we do for you. My pain is like a

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1                   COMMANDER PEDRO:     Yeah, I understand.

2                   COMMANDER PAVEL:     There's a lot of  
3 bridges. Well, guys, it's time to go and party.

4                   COMMANDER PEDRO:     Dismissed.

5                   (Inaudible) That's my boys. Boy, mucho hombres. They  
6 have a little bit of what they call in Espanola  
7 machismo. A little more scientific interpretation  
8 might be that they have have the proper levels of  
9 testosterone.

10                   I don't know what it is with some of  
11 these johnny-come-lately revolutionaries. They -- All  
12 they want to do is talk about the B system and how the  
13 B system is robbing them and wasting them away for  
14 nothing. Well, let me tell you something about Himy  
15 and his little B systems. It takes your acquiescence  
16 to make that system work.

17                   Let me tell you something, Himy -- Himy's  
18 weak. He's weak and he's fat, and you're letting a  
19 weak, fat (inaudible) kike steal the lives of your  
20 children and your loved ones away, not to even mention  
21 your own lives.

22                   Are you a bunch of sniveling cowards, or  
23 are you going to pick up the sword? And I tell you, my  
24 patience runs thin sometimes for some of you people.  
25 The quality of my mercy is strained. Now we're doing

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 with them, but 'til I get some real estate liberated so  
2 that the people have a sanctuary, now I can't be with  
3 my folks.

4 I can't be with my little ninos, my  
5 mammasita, Mrs. Commander Pedro. You know, I'm human,  
6 too. Hey, I miss the companionship. Now I'm going to  
7 have to go out and get another case of jars.

8 I mean, what's it going to take? I mean,  
9 I just hear in the recent news here lately some guy  
10 goes out and shoots up a couple of abortion clinics.  
11 Well, hallelujah. They got him on his third one.  
12 Somebody must be listening to the Commander Pedro  
13 tapes.

14 Now, I don't -- I don't want to condone  
15 impulsive behavior, but at least this guy had a little  
16 bit of sense. He got away with three of'em.

17 But I'm telling you, the Commander is  
18 here to tell you you can do this kind of stuff all the  
19 time and get away with it. You just study and apply  
20 what you've learned. Learn from Bob, learn from his  
21 mistakes. Study your enemy. Know your enemy. Study  
22 his methods.

23 Now, tonight, we're here in the  
24 international headquarters where we coordinate  
25 worldwide efforts of the Aryan Republican Army and

CONFIDENTIAL TRANSCRIPT

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 groups that we have solidarity with.

2 You'll notice that some things are going  
3 on here in South America where we have contacts. Oh,  
4 up in the great white north on over to (inaudible) and,  
5 of course, Dublin, Switzerland. We won't talk about  
6 these countries over here for the time being. But,  
7 look, look, all across the globe, the Commander has  
8 friends.

9 Now, the Commander has the great  
10 privilege or misfortune, depending on how you want to  
11 look at it, of being a -- a company kid. Yes, the  
12 Commander grew up in the company, yes.

13 Unfortunately, the company's been very  
14 naughty of late. They've just become a tool designed  
15 as an oppression system.

16 So you boys in the company, you better  
17 take advantage of the Commander's come home program,  
18 and even you girls there, because I happen to know some  
19 girls who worked with the company, too, and, yes,  
20 you've all been very naughty, but good thing for you,  
21 the Commander forgives.

22 And it's been told to me that people love  
23 the Commander, but I want the people to understand that  
24 I love them. I do what I do for you. I love you so  
25 much. If you don't do the right thing, I might even

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 put you out of your misery. But don't mistake my love  
2 for weakness.

3 Remember, when you look up into the night  
4 sky, who's up there controlling everything. Not the  
5 Commander. I'm just a -- a wretch. I'm just chosen to  
6 do a dirty job. Our Creator guides us in all our  
7 actions.

8 So if you want to listen to the  
9 Commander, you better talk to your Creator. If you've  
10 got a problem with the Commander, you take it up with  
11 Him because he's the one that put me here.

12 Now, we here at ARA have tried to present  
13 this program of ours to you in a manner that you could  
14 understand because you've been sitting in front of the  
15 electronic Jew, and about the only thing you can  
16 operate with any confidence is the remote control, so  
17 we figure we'd give this to you in a video format.

18 It's taken us a lot of effort and work to  
19 reach this point, but you've gotta remember, if tape  
20 runs out, the program becomes off and then you're just  
21 sitting there with a blank screen, you've got to fill  
22 in the blanks here, folks. That's right, you.

23 Commander Pedro wants you to join ARA,  
24 the choice of a new generation because we know Himy's  
25 tricks, and we know where he keeps his treats.

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1                   Now, this stuff here is just chump  
2 change, and that ain't what the struggle's about, but  
3 these are the chains that bind you, your mortgage, your  
4 car payment, your day care center bills.

5                   You're sitting there trudging away on a  
6 treadmill, miss a couple weeks of work and see who  
7 comes knocking on your door. It ain't going to be the  
8 Commander. It's going to be the sheriff with the  
9 eviction notice. And the tow truck driver, you know,  
10 Captain Hook, he's gonna be snatching your wheels away  
11 from you.

12                   So ladies and gentlemen, brothers and  
13 sisters, it's been way past time for the armed  
14 struggle. So let's go to work. We -- we need to quit  
15 crying and start making Himy die. That's all for the  
16 Commander right now. 'Til next time, we love ya, and  
17 you'll be hearing from us. Adios.

18                   \*\*\*\*\*

19                   COMMANDER PAVEL: Greetings, ladies and  
20 gentlemen. We hope you've enjoyed our presentation  
21 tonight of the Armed Struggle Underground.

22                   Now, I'm sure you realize we -- we  
23 produced this video in a humorous manner. Make no  
24 mistakes about it, we're very serious about the  
25 revolution, and I guess that's what our message is

CONFIDENTIAL TRANSCRIPT

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 really all about.

2 Now, I'm sure that -- that many of you  
3 out there think that this revolution is just a joke and  
4 about all you really have to do is chant. No, people,  
5 the revolution is not about chanting. You don't react;  
6 you act, and that's all there is to it.

7 Now, this video is not for chanters.  
8 They're not for reactionaries. It's for those who want  
9 to join our revolution, our cause. And that's what --  
10 that's what it's all about.

11 Now, I'm sure that once this video hits  
12 the streets and many of our recipients perceive it,  
13 there will be chants from various individuals who will  
14 begin to rant and rave about this is a federal stay,  
15 that we're federal informants and we're attempting to  
16 gather up every right winged Neo-Nazi Aryan hatemonger  
17 and psychopathic terrorist, you know.

18 Well, to you, the revolutionist who is  
19 listening, and that's who this tape is basically geared  
20 toward, is the revolutionist, you, ignore it because,  
21 you see, the chanters will always chant. They must  
22 have something to -- to do. They don't like to act.  
23 They like to react.

24 And that's what our basic message is to  
25 you the revolutionist. It's a very simple process.

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 All you have to do to go out and start your little  
2 revolution and join ARA is to first obtain the  
3 necessary capital to start your organization up, and we  
4 hope you do so.

5 Now, as Commander Pedro had said,  
6 Commander Pedro wants you to join ARA now. It's the  
7 choice of a new generation. What he was really trying  
8 to say was we want you to join our cause.

9 We've got so many people in this, I can't  
10 keep track of it, but that's what the revolution's  
11 about. Too many people, too little time.

12 And so, basically our message is this:  
13 Join ARA's cause. We need you. This must be a  
14 concerted effort amongst those who are willing to act,  
15 not react.

16 We're not looking for those who will just  
17 get out into the streets and march up and down and yell  
18 "Nigger, Nigger, Nigger, Nigger, Nigger." We know what  
19 it's done for the past several 50, 70, 100 years. And  
20 that's all there is to it. The time now is to act, not  
21 react. Now, again, ignore -- ignore the chants. Most  
22 of all, ignore Himy's ministry of propaganda.

23 Now, as -- as you noticed, we were very  
24 humorous in what we did. We had a good time. We here  
25 at ARA, we work hard and we play hard, and that's what

MC GINNIS & ASSOCIATES, INC.  
COLUMBUS, OHIO (614) 431-1344

1 it's all about.

2 Make no mistakes about it, Himy is well  
3 aware of the fact that when we go to work, that when we  
4 go to his town and we plunder his fields, that when the  
5 back door drops, the bullcrap stops. Very well aware  
6 of it. Himy knows we're just as serious as we know  
7 they are.

8 Now, again, we hope that you've enjoyed  
9 the video, and we hope you'll join our cause. And I  
10 want to assure many of you people down there in -- in  
11 Zovlandia (phonetic), wherever you might be, that we're  
12 not the only revolutionist group out there. There are  
13 many out there who have solidarity with the Aryan  
14 Republican Army.

15 We're not one but we're hundreds. And  
16 we're all out there working to basically make this land  
17 ungovernable. And that's -- that's what the revolution  
18 is all about, make the land ungovernable.

19 We basically have three -- three or four  
20 general objectives: Eliminate the government, being  
21 from the federal government all the way down to the  
22 county seat; exterminate Himy; and repatriate all  
23 non-whites with their lands. That's it. Very simple  
24 process. Not to mention the fact that we turn back  
25 this country to these laws right here. Very simple to

1 understand.

2 My advice to you is before you get  
3 involved in the revolution, read the Book. And like  
4 John said, when you know the truth, the truth will set  
5 you free.

6 Don't listen to Himy. Don't listen to  
7 the ministry of propaganda. Don't listen to the king  
8 and his hirelings. Remember, Himy is going to create  
9 many boogeymen in the coming months and coming years.  
10 And that's what Himy does, creates boogeymen. Himy  
11 needs boogeymen.

12 I want to tell you, it's been a real  
13 exciting time bringing this video to you, and I don't  
14 know.... We've -- we've got a lot of gardening to do  
15 today, lots of gardening.

16 Yes, I'll tell you, people, the fields  
17 are ripe for plundering. I don't know what I'm going  
18 to do half the time. I've just got so much of this  
19 Jewish toilet paper laying around.

20 I'm going to be setting up the fireplace  
21 tonight, and I'm sure we're going to use some of it,  
22 but you know how it is. I've got so much Jewish toilet  
23 paper, so little time to spend it.

24 Well, I'll tell you, this revolution, you  
25 actually get what you call revolution burnout, and it

1 can be very tiresome. There's just so much to do in  
2 the revolution and, I don't know, so many things to do,  
3 so many toys to up hang.

4 And I'll tell you, a good friend of the  
5 Commander is right here. Oh, boy, but don't be  
6 deceived by the rhetoric and the cosmic debris that  
7 Himy's ministry of propaganda will be spewing forth on  
8 the electronic Jew in the coming months about the Aryan  
9 Republican Army.

10 Now, I want to assure you whoever you  
11 are, wherever you are, whitey, you're going to join our  
12 cause, and you're gonna do it either by choice or by  
13 force.

14 You can either choose to join us and  
15 fight like a white man, or Himy's going to force you to  
16 do it, and that's the good thing about it. You're  
17 either going to fight or you're going to submit. And I  
18 don't care basically what you say.

19 The revolution is -- it's growing and  
20 growing every day. As I said, the Aryan Republican  
21 Army are not the only ones out there in the field  
22 plundering it. We have many of our comrades out there  
23 working for basically the same cause.

24 All I can say, people, is it's time to go  
25 to work, no buts or ifs about it, and we need you to

1 join ARA's cause. It's a choice of a new generation.  
2 We're no longer going to chant, we're going to act, and  
3 that's all there is to it.

4 But then I know there are just so many  
5 out there who would rather just chant. It's so -- so  
6 easy. I don't know, maybe you'll all understand one of  
7 these days, but I guess it's time to go to work. I've  
8 I've got to do some planting now.

9 Again, I hope you've enjoyed our -- our  
10 video, The Armed Struggle Underground, and we'll bring  
11 you several more in the coming years. We'll keep you  
12 up-to-date on the revolution, the second American  
13 revolution. There's so much to revolt against, so  
14 little time.

15 Goodness gracious, it sounds like  
16 Commander Pedro coming in on the (inaudible). Oh,  
17 goodness gracious.... Oh, that must be Commander  
18 Pedro. He likes a big audience. You know how it is,  
19 people love Commander Pedro, and the people fear  
20 Commander Pavel.

21 I guess I just make the people talk too  
22 much. The people listen to Commander Pedro. Oh, well,  
23 I guess that's all part of being an evil -- evil  
24 hatemongering psychopathic terrorist. What can I say?

25 I'm sure the people still love him. We

1 all have a job to do, and that's to eliminate the white  
2 racial traders at will in this country. That's all  
3 there is to it.

4 Time to go to work, people. No more  
5 chanting. Time to go to work. Well, sounds like  
6 Commander's got a real -- real welcoming committee out  
7 there. That's good. The Commander's been working.

8 I hear that Santa's going to be in  
9 Atlanta this Christmas time. Something come back with  
10 (inaudible). I even hear they put the second American  
11 revolution convention, that Commander Pedro introduced  
12 what is called the triathalon. Now, that was exciting,  
13 people. That's not only with HK 91s but with laws.  
14 Yes, laws, good friends of the Commander's.

15 My goodness gracious. I hope you've  
16 enjoyed our little chat. And I guess -- I guess I  
17 could just say, "Don't be stupid, be a smarty, come and  
18 join the revolutionist party." We'll all have a good  
19 time.

20 One of the Commander's toys. Everybody  
21 should have a toy like this, yes. I think it's almost  
22 time to go out and go to work. Sounds like the  
23 Commander at the door. Oh, goodness gracious.

24 You know, Commander Pedro always does  
25 this. He's always -- He's always challenged. Oh, no.

MC GINNIS & ASSOCIATES, INC.

1 Doing okay in there, Commander Pedro? Good. I'm glad  
2 to see the Commander is doing quite well on his own.

3 Well, looks like it's getting ready for  
4 that time to go to work, and we'll work because ARA is  
5 coming to a town near you soon. That's what ARA does.  
6 We come to towns soon near you.

7 Again, we hope you've enjoyed our video,  
8 and I hope you join our cause. If not, well, then I  
9 guess you'll enjoy slavery. But as a once reknowned  
10 revolutionist said, and it comes from my country, the  
11 Highlands, William Wallace, he said basically, "Don't  
12 submit to the king. Oppress the bastard." And that's  
13 our message.

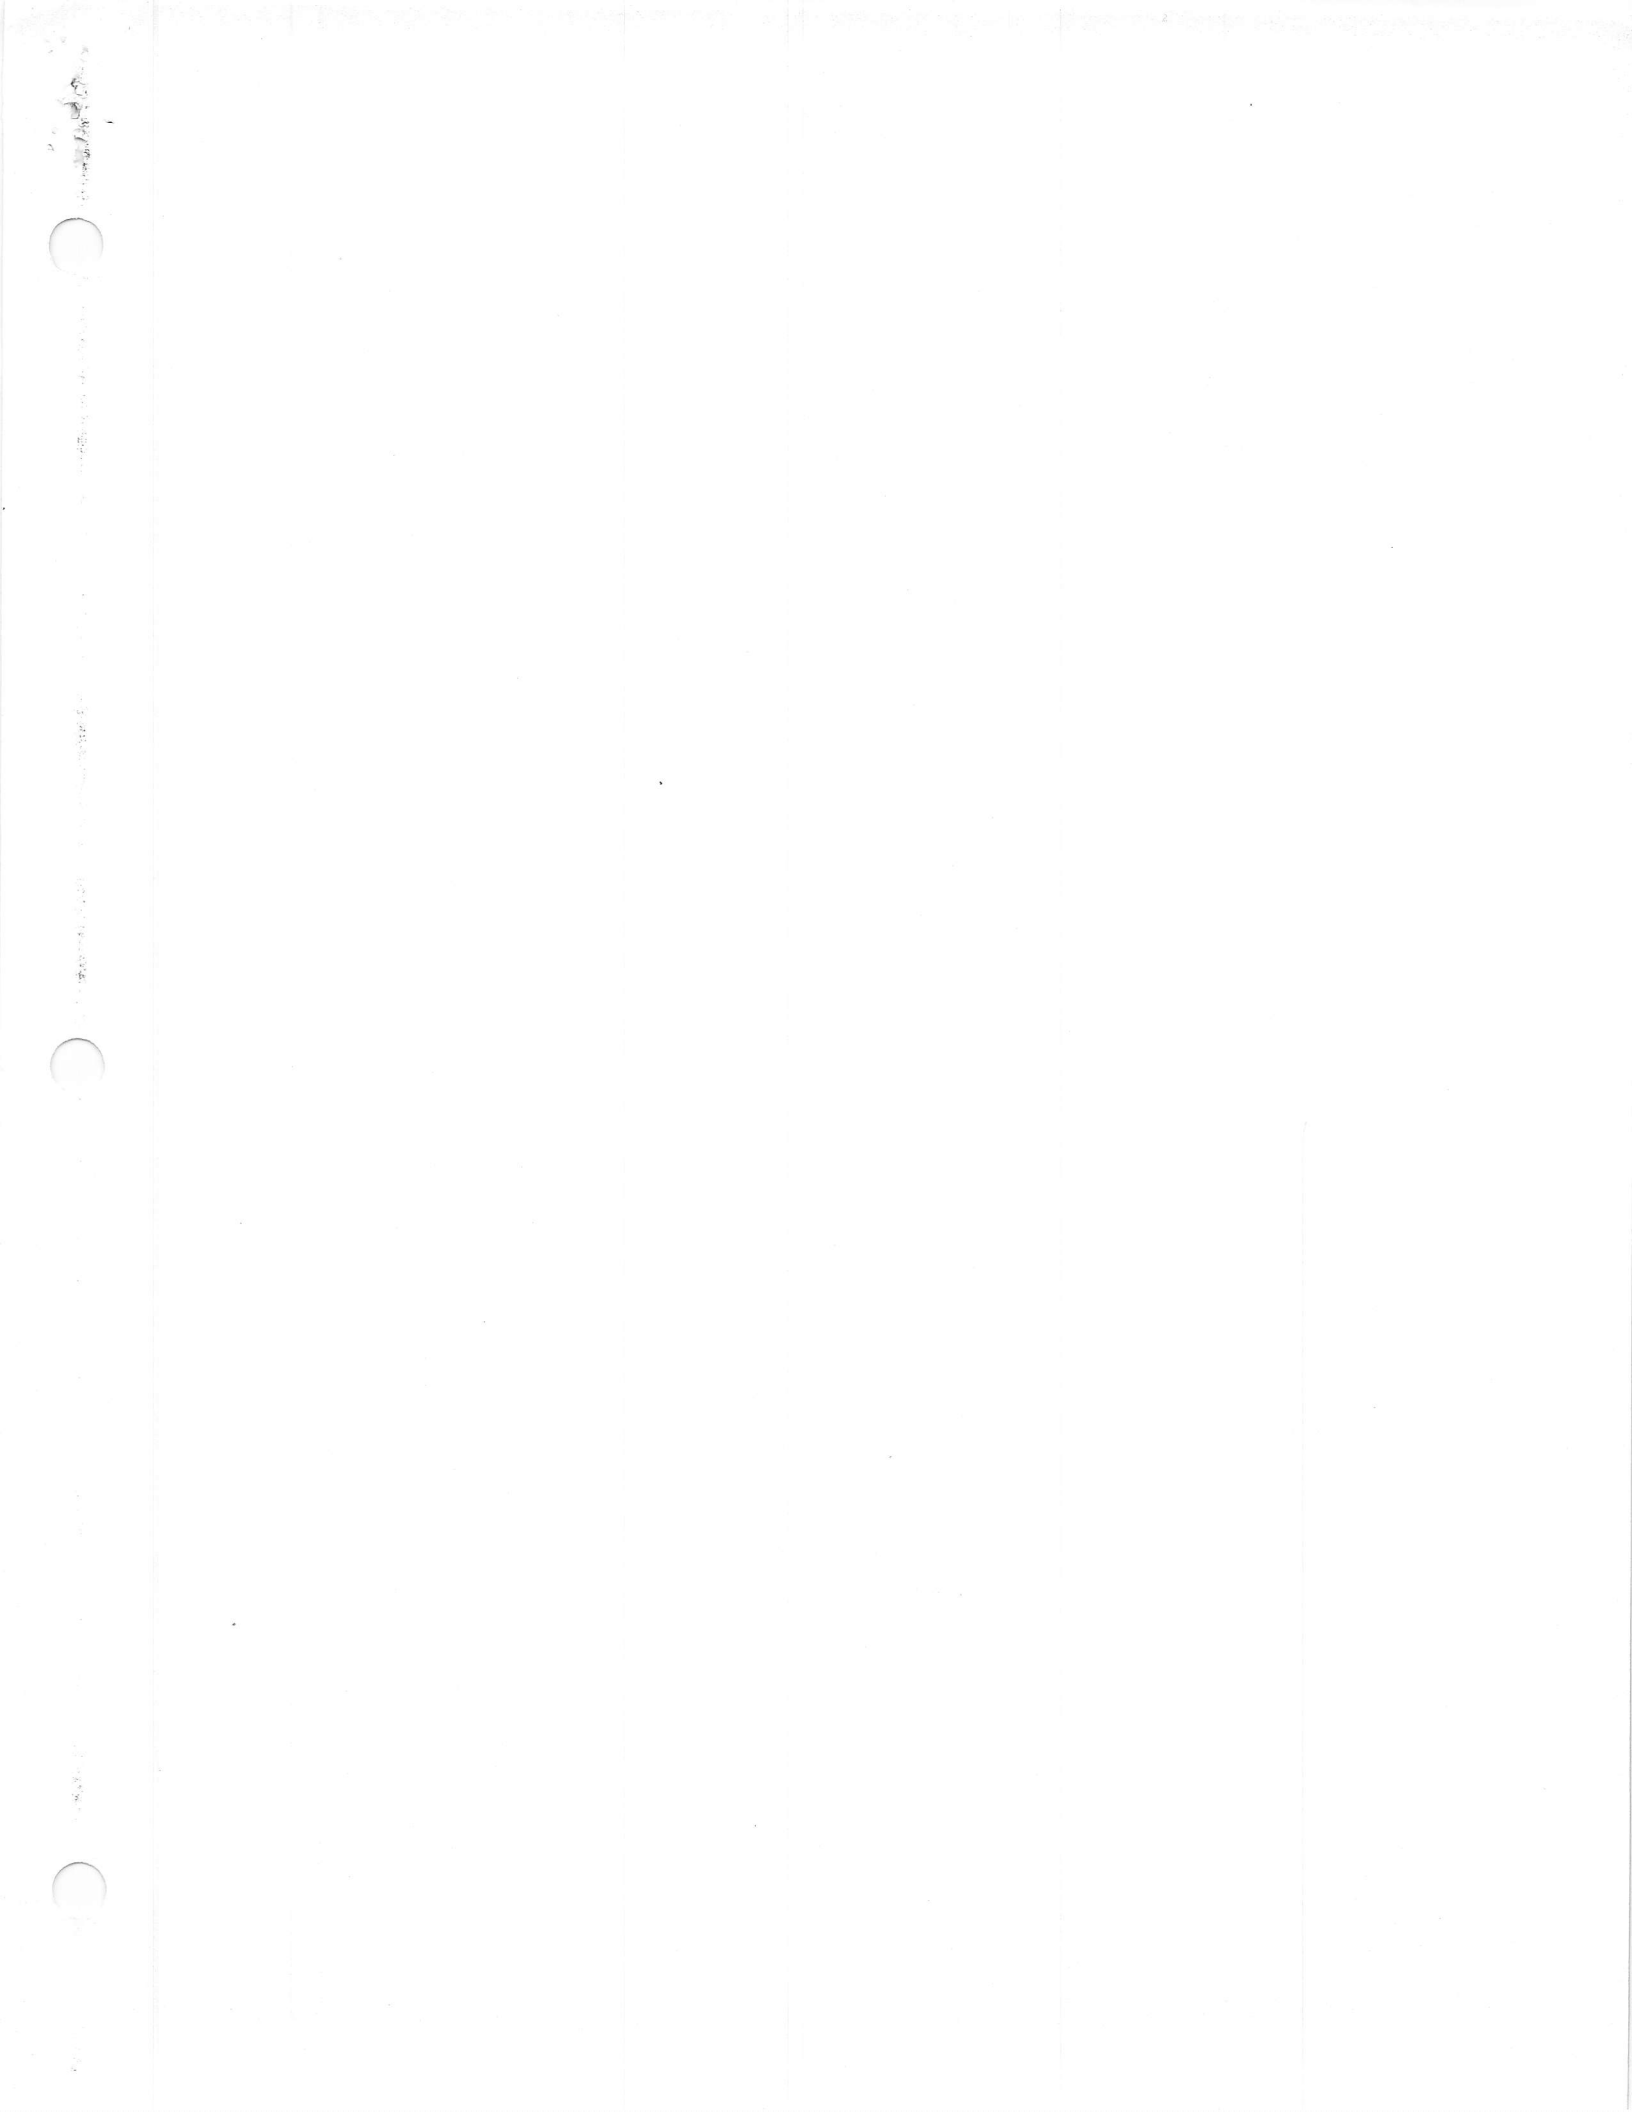

14 Well, time to go to work, and -- It's  
15 time for me to go to work, yes. Oh, boy, so much work  
16 that I have to do. Well, we hope you've enjoyed our  
17 video tonight, The Armed Struggle Underground.

18 As they say in revolutionary language, Up  
19 the revolution, time to go plant some food, Jewish  
20 toilet paper. Adios.
